LEGAL REFERENCES

The powers and duties and organization of the State Athletic Commission are enumerated in Title 82, Chapter 3, R. M. C. 1947. The commission has sole direction, control, management, and jurisdiction over all professional boxing, sparring and wrestling matches within the state.

The Commission was established to insure that everyone involved in professional boxing and wrestling is properly qualified and free from improper associations and to insure that all buildings or structures to be used shall conform to the law, ordinance and regulations pertaining to buildings in the city or town where situated. To carry out this responsibility the commission has been given authority to adopt rules and regulations, to license all individuals and associations involved in boxing or wrestling, to suspend or revoke licenses, to hold hearings in order to gather information upon which to base its decisions.

Principal Goals

The members of the Athletic Commission are dedicated to the supervision and control of professional boxing and wrestling to the end that it will be a creditable activity for the state and for the public which supports such events.

To screen and investigate all persons, clubs, corporations, organizations, promoters and matchmakers who apply for license to hold or conduct boxing or wrestling shows to determine financial responsibility, moral responsibility and worthiness to merit licensing.

To screen and investigate all applications for boxer or wrestler license, their managers and seconds, and to maintain a list of all licenses issued.

To maintain a list of qualified and licensed officials to serve at boxing or wrestling shows and periodically instruct those officials of any change of rules or regulations. These officials include referees, judges, time-keepers, announcers and physicians.
